Raina Armstrong	Paul Hawkes
Alissar Riachi	Robin Webster

1.0 Previous Minutes

1.1 Previous minutes agreed and taken as read.

Action

2.0 Chairs Comments

2.1 His meeting will not take the typical GIA Council Meeting format and instead be a 'round the table' discussion reflecting on the previous year.

3.0 Treasurers Report

3.1 Report tabled and taken as read. Note

4.0 Discussion

4.1 Sustainability to be higher on the GIA's agenda in the coming year given the imminent COP26 conference to be hosted in Nov 2020. Note

4.2 Noted a 'Client of the Year' should be considered at next years GIA Awards Note

4.3 Noted consideration should be given to bringing back the 'Small Practice of the Year' award. Note

4.4 PZ suggested an award for Placemaking / Masterplanning / Regeneration to allow larger-scale urban projects to be judged as a wider piece of city architecture as opposed to just as a housing / commercial / etc development. Note

4.5 PZ also suggested an award for unbuilt projects however it was generally agreed this may be difficult given the number of categories / building typologies that might be eligible to apply for this. Note

4.6 Generally agreed it would be positive to bring back events such as Paper_Cut and GIA Building Visits which were generally seen as very positive. Note

NEXT MEETING

13th February 2020 @ Glasgow City Heritage Trust at 18:00
